

The Resilient child

is able to endure, to bounce back and grow to their potential

Confidence comes from attachment.

Courage comes from encouragement.

These will enable your child to survive trauma, teasing & bullying

Emotional problems of children are anxiety and depression

Behavior problems are usually unresolved emotional problems.

Hope for your child, and

Hope for our society.

A better theory:

Behavior → **Attachment**

reward or punish → draw out good intentions

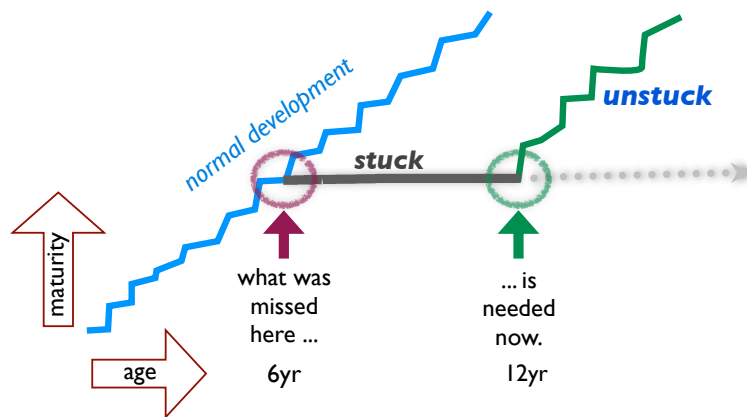

time-outs → time-ins

be consistent → compassionate

If your child has gotten **stuck**

(developmental arrest)

Flowers develop from
Roots of Attachment

1. Senses held close
2. Sameness normal
3. Loyalty belongs
4. **Significance** counts
5. **Love** loved
6. **Known** understood
